

# Energy performance certificate (EPC)

22, Station Street Treherbert TREORCHY CF42 5HT	Energy rating <b>E</b>	Valid until: <b>19 January 2024</b>
		Certificate number: <b>8814-7029-1060-7828-3906</b>

## Property type

Mid-terrace house

## Total floor area

110 square metres

## Rules on letting this property

Properties can be let if they have an energy rating from A to E.

You can read [guidance for landlords on the regulations and exemptions \(https://www.gov.uk/guidance/domestic-private-rented-property-minimum-energy-efficiency-standard-landlord-guidance\)](https://www.gov.uk/guidance/domestic-private-rented-property-minimum-energy-efficiency-standard-landlord-guidance).

## Energy rating and score

This property's current energy rating is E. It has the potential to be B.

[See how to improve this property's energy efficiency.](#)

The graph shows this property's current and potential energy rating.

**Properties get a rating from A (best) to G (worst) and a score.** The better the rating and score, the lower your energy bills are likely to be.

For properties in England and Wales:

- the average energy rating is D
- the average energy score is 60

### Breakdown of property's energy performance

## Features in this property

Features get a rating from very good to very poor, based on how energy efficient they are. Ratings are not based on how well features work or their condition.

Assumed ratings are based on the property's age and type. They are used for features the assessor could not inspect.

Feature	Description	Rating
Wall	Granite or whinstone, as built, no insulation (assumed)	Very poor
Roof	Pitched, no insulation (assumed)	Very poor
Window	Fully double glazed	Average
Main heating	Boiler and radiators, mains gas	Good
Main heating control	Room thermostat only	Poor
Hot water	From main system	Poor
Lighting	Low energy lighting in 25% of fixed outlets	Average

Feature	Description	Rating
Floor	Solid, no insulation (assumed)	N/A
Secondary heating	Room heaters, mains gas	N/A

## Primary energy use

The primary energy use for this property per year is 327 kilowatt hours per square metre (kWh/m<sup>2</sup>).

▶ [About primary energy use](#)

## Additional information

Additional information about this property:

- Stone walls present, not insulated
- Dwelling has access issues for cavity wall insulation
- Dwelling may be exposed to wind-driven rain

### How this affects your energy bills

An average household would need to spend **£1,494 per year on heating, hot water and lighting** in this property. These costs usually make up the majority of your energy bills.

You could **save £775 per year** if you complete the suggested steps for improving this property's energy rating.

This is **based on average costs in 2014** when this EPC was created. People living at the property may use different amounts of energy for heating, hot water and lighting.

## Heating this property

Estimated energy needed in this property is:

- 15,344 kWh per year for heating
- 5,821 kWh per year for hot water

### Impact on the environment

This property's current environmental impact rating is E. It has the potential to be C.

Properties get a rating from A (best) to G (worst) on how much carbon dioxide (CO<sub>2</sub>) they produce each year. CO<sub>2</sub> harms the environment.

## Carbon emissions

### An average household produces

6 tonnes of CO<sub>2</sub>

### This property produces

6.9 tonnes of CO<sub>2</sub>

## **This property's potential production**

**2.0 tonnes of CO2**

---

You could improve this property's CO2 emissions by making the suggested changes. This will help to protect the environment.

These ratings are based on assumptions about average occupancy and energy use. People living at the property may use different amounts of energy.

## Changes you could make

▶ [Do I need to follow these steps in order?](#)

---

### Step 1: Internal or external wall insulation

Typical installation cost

£4,000 - £14,000

---

Typical yearly saving

£301

---

Potential rating after completing step 1

**56 D**

---

### Step 2: Floor insulation

Typical installation cost

£800 - £1,200

---

Typical yearly saving

£28

---

Potential rating after completing steps 1 and 2

**57 D**

---

### Step 3: Hot water cylinder insulation

Insulate hot water cylinder with 80 mm jacket

Typical installation cost

£15 - £30

---

Typical yearly saving

£135

---

Potential rating after completing steps 1 to 3

**62 D**

## Step 4: Low energy lighting

Typical installation cost

£45

Typical yearly saving

£37

Potential rating after completing steps 1 to 4

**63 D**

## Step 5: Heating controls (programmer and TRVs)

Typical installation cost

£350 - £450

Typical yearly saving

£41

Potential rating after completing steps 1 to 5

**65 D**

## Step 6: Replace boiler with new condensing boiler

Typical installation cost

£2,200 - £3,000

Typical yearly saving

£194

Potential rating after completing steps 1 to 6

**72 C**

## Step 7: Solar water heating

### Typical installation cost

£4,000 - £6,000

### Typical yearly saving

£40

### Potential rating after completing steps 1 to 7

73 C

## Step 8: Solar photovoltaic panels, 2.5 kWp

### Typical installation cost

£9,000 - £14,000

### Typical yearly saving

£258

### Potential rating after completing steps 1 to 8

82 B

## Help paying for energy improvements

You might be able to get a grant from the [Boiler Upgrade Scheme \(https://www.gov.uk/apply-boiler-upgrade-scheme\)](https://www.gov.uk/apply-boiler-upgrade-scheme). This will help you buy a more efficient, low carbon heating system for this property.

### Who to contact about this certificate

## Contacting the assessor

If you're unhappy about your property's energy assessment or certificate, you can complain to the assessor who created it.

### Assessor's name

Chris Eccles

### Telephone

0800 051 7420

---

## Email

[greendeal@instagroup.co.uk](mailto:greendeal@instagroup.co.uk)

---

## Contacting the accreditation scheme

If you're still unhappy after contacting the assessor, you should contact the assessor's accreditation scheme.

### Accreditation scheme

NHER

---

### Assessor's ID

SAVA001172

---

### Telephone

01455 883 250

---

### Email
